

Hi Ian

Howie and I wanted to express our extreme gratitude for the excellent construction of our new home. It was very stressful moving from one state to another, and it was certainly stressful thinking about building a home again. As we told you before, our prior experience building a home was not a good one, but our experience with you was definitely 100 % better. After interviewing with multiple builders we knew we picked the right person for the job. The quality craftsmanship was exceptional. Our new home turned out to be everything we hoped for and more. Whenever we had a question, you answered them right away. Whenever we had an issue, you were there to make it right. You are truly an exceptional builder and an exceptional person. We now have a beautiful home to show our family and friends when they come to visit.
