

Dear Ian

We want to write and formally thank you for the speed and ease with which our home in Keysville was built.

On commencement of the building work in March when you told us the house would be finished by July we were sceptical. But your workflow chart obviously was accurate as we came over to stay in the house in August.

Another thing which helped us was your infinite patience with our questions and requests. The few items on our snag list were quickly resolved and we are very pleased with our new home.

We would have no hesitation in recommending you to any prospective purchaser.

We would like to wish you and MPH Custom Homes continuing success and all the best for the future.

Regards

Geoff & Lorna
